

EMPOWERING YOUR EMPLOYMENT JOURNEY

Looking for work can feel overwhelming, especially when living with a **Physical Disability**. Our Program is designed to support you every step of the way, with tailored content that builds your knowledge, skills, and confidence in navigating the job market.

What makes this program truly unique is that it's delivered by people with **lived experience** of physical disability, so you'll be learning from those who genuinely understand your journey.

Once your registration is confirmed, you'll be matched with a dedicated Employment Coach. They'll guide you through the training and, upon successful completion, continue to support you as you put your new skills into practice.

EmployAbility is provided as part of the Commonwealth of Australia Information Linkages and Capacity Building program, with a goal to improve employment outcomes for people living with a physical disability.
